YOU

Ember & Air

Ember & Air is an example company: a heat pump installer with about 40 people and three crews. Every question is a lead worth thousands, and the know-how sits in a few senior heads. Five people take part: a customer, two heating advisors with the same tools, the speaking coach (with Will), and the owner.

This version uses only the locked designs (the Lounge, the recording screens, the walk, the coach panel) plus what the founder agreed in the chat (N274, N278, N282, N287, N292 to N295). Proposals not yet agreed are in the last chapter.
